Our ref: Australia - Modification: Trio Autopilot Installation Aeroprakt-22LS

Subject: manufacturer's authorization of LSA modification

Aeroprakt Limited, the manufacturer of Aeroprakt-22LS Light Sport Aircraft, following the requirement 7.3.1 Modifications of Australian AC 21-42 Light Sport Aircraft Manufacturer's Requirements, issues a general approval to install Trio Autopilot equipment on Aeroprakt-22LS LSA aircraft.

This modification allows automatic control of the aircraft in horizontal and vertical directions as specified by the autopilot equipment manufacturer.

Conditions of approval:

- The installation(s) must be carried out by qualified person(s) with approved qualifications - e.g. Trio factory personnel or Trio approved installer;
- The installation must be inspected and signed as satisfactory by an approved engineer - e.g. Australian LAME or equivalent;
- The modification must be recorded in the Airplane Log Book;
- the photos of installations must be send to aircraft manufacturer for keeping up records.
