Our ref: Australia - Modification: Australian Warning Systems siren & amplifier Installation  
in A22LS

Subject: MANUFACTURER'S AUTHORIZATION OF LSA MODIFICATION

Aeroprakt Limited, the manufacturer of A22LS Light Sport Aircraft, following the requirement 7.3.1 Modifications of Australian AC 21-42 Light Sport Aircraft Manufacturer's Requirements, issues a general approval to install Australian warning Systems siren equipment on A22LS LSA aircraft.

This modification allows a loud, variable tone siren to be used for animal mustering and counting.

Conditions of approval:

- the installation(s) must be carried out by qualified person(s) with approved qualifications – e.g. Australian warning Systems approved installer or suitably qualified aircraft engineer;
- the installation must be inspected and signed as satisfactory by an approved engineer – e.g. Australian L2/LAME or equivalent;
- the modification must be recorded in the Airplane Log Book.
